Evonik Road Safety Award 2018

The Evonik Road Safety Award acknowledges and rewards the contributions to road safety of public authorities worldwide. The prize is bestowed by Evonik upon identification of the winner by an independent jury of internationally recognized experts in the field of road safety, transport, and city design. The Evonik Road Safety Award is designed to support sustainable road safety initiatives. Key criteria for the winning project/initiative are its contribution to

- Road safety (60%)
- Sustainability (20%)
- Innovation (10%)
- Replicability (10%)

Award Overview:

- Project candidate – Any completed infrastructure initiative which includes some form of road marking with at least a one year track record
- Qualified applicants – Public authorities from a city, state, national or regional level, responsible for such an initiative.
- The prize – 10,000€, which will be awarded in the form of a sponsored road marking application, a donation of traffic safety related items, or a donation to a non-profit organization

More information – including the application form – is available on www.degaroute.com

Please submit your completed application form by **May 31, 2018 to degaroute@evonik.com**
